

CHRISTMAS BAZAR IN LOCAL CHURCH

Women of St. Mark's Cathedral Guild Offer Seasonable Goods for Sale.

The annual Christmas bazar of St. Mark's cathedral guild, of which Mrs. C. D. Moore is president, will open at 5:30 o'clock this afternoon with an elaborate turkey dinner, at which the Hawaiian troubadour will play a program of music. The bazar will continue from 6:30 p. m. today and close Friday afternoon, at the same time. Services will be held in the cathedral Friday night. A feature of the bazar will be the business men's lunch to be served from 12 to 1 o'clock Friday, during which the sale will continue.

Probably the most interesting feature of the affair is the country store, with Mrs. J. J. Broughall, assisted by Mrs. P. H. Hopkins, Mrs. Jessie Miles, Miss Louis, Mrs. George Mavor and Mr. and Mrs. Davis in charge. Included in the stock of the store is an assortment of household goods that is much larger than that carried by many stores. A few of these goods have been donated by the manufacturers and merchants of Salt Lake, and Mrs. Broughall has arranged a sample table, in charge of the manufacturers and merchants, Katherine, and Miss Mary Hopkins, another miss of six summers, to advertise the goods of the different merchants donating articles to the bazar.

The menu for the opening dinner is as follows: Cream tomato soup, celery and relish, roast turkey with dressing, mashed potatoes with giblet, brown gravy, peas, cabbage, slow, olives, ice cream, cake and mince and pumpkin pie. When it is considered that the price of the meal is to be 75 cents, a large number probably will partake. Mrs. E. M. Allison is to be in charge of the dinner.

Other features of the affair are to include a fancy table, where fancy articles, dolls, and other goods will be sold, in charge of the east end auxiliary to the cathedral guild, of which Mrs. George M. Bacon is president. Fortune telling and palmistry booth, in charge of Miss Lucile Francke, a calendar table, in charge of Mrs. Cook of the St. Peter's mission, one of the features of this booth to be a calendar crowned with the picture of Presiding Bishop Tuttle, and Mrs. J. Woodruff will have charge of the cake table. The domestic table has not been assigned.

The purpose of the bazar this year is to pay the expense of the recent renovating of the deanery, which cost \$1,500.

POISON TURNED TO ITCHING ECZEMA

On Hands and Face—Torment Prevented Sleep—Sufferer Had to Give Up His Work—Specialists and "Cures" Utterly Failed.

IS CURED AND CALLS CUTICURA WORLD'S BEST

"Three years ago, while a conductor, I was poisoned from the brass railings on the cars. I contracted a salt-rheum or eczema on my hand. In wiping the perspiration from my face and chin and using many remedies, I had to give up my position and was treated by specialists, but to no avail. I tried every remedy I was told of and took so much medicine that I felt like a walking drug shop. The doctors could only relieve me for a little while.

"One day I chanced to see a Cuticura advertisement and thought I would try the Cuticura Remedies, but I had no faith at the time as I had been deceived by so many so-called 'cures.' After three applications of Cuticura Ointment, the itching ceased and after using two boxes I was completely cured. My shaving does not interfere with it whatsoever. My nose is as clear as ever and I am now a well man both in body and mind. I consider the Cuticura Remedies to be the best in the world and I trust some poor sufferer will see this and be benefited thereby.

"I used Cuticura Soap, Ointment and Pills. I can also say the suffering was intense. It itched and burned so that it was impossible to sleep, but thanks to the wonderful Cuticura Remedies I am now well. I enclose my photograph, which you may publish. Harold Ayers, 783 Jefferson Ave., Brooklyn N. Y., Dec. 7 and 10, 1908."

For eczemas, rashes, itches, irritations, inflammations and other unwholesome conditions of the skin and scalp and for the prevention of the same, as well as for the sanative, antiseptic, cleansing of ulcerated, indurated, mucous surfaces and other uses which readily suggest themselves to women, Cuticura Soap and Cuticura Ointment, assisted when necessary by Cuticura Resolvent, are indispensable.

Sold throughout the world. Potter Drug & Chem. Corp., Sole Proprietors, Boston, Mass. Write Cuticura, Boston, Mass., for full particulars and to know about treatment and cure of hundreds of diseases of the skin and scalp.

CHRISTMAS CHEER TO BE PROMPTED

Salvation Army Workers Preparing to Gladden Many Poor Children.

Active preparations for the Christmas dinners and assistance to the needy poor were started yesterday by the Salvation Army. All the business men not visited before the Thanksgiving work will be asked for aid, and the kettles have been put out on the street corners. The public seems to be coming to the aid of the army as strong as ever this year, and from all appearances the record of needy families supplied with good meals, clothing, and made generally happier on Christmas day this year will equal, and perhaps surpass, the record of last year.

The efforts of the army this year will be specially directed in aiding children of poor families. Mrs. Thomas Pitt, the wife of Ensign Pitt, says the army has a list comprising practically all the poor families of the city. Though it is not generally known, each basket sent out by the Salvation Army on Thanksgiving day contained sufficient food for two meals for a family of five persons. Baskets will also be sent out for Christmas, but the main work of the army will be to provide a good time, a Christmas tree, presents of candy and toys, not forgetting substantial presents, such as shoes, clothing and mittens, to the poor children of the city.

Mrs. Pitt said last night that the system of giving a ticket to each child for admission was found to be necessary, as the army officials have found that children who are not needy, and whose parents do not keep them in, on Christmas day, will attend every affair of this kind they can possibly reach.

After the children are attended to this year, the army will direct their efforts to the sick families of the city, and Mrs. Pitt said last night that a list of families in quarantine will be especially taken care of. The army officials are not at all new to their list at present come in and make themselves known at once, as several families have failed to get in on Thanksgiving day by delaying until the last day, and making their wants known. The army investigators each case which comes under its notice.

According to Mrs. Pitt, the Salvation Army has never more encouragingly seen the work among the poor, and it is expected that this amount will be exceeded this year. Mr. Pitt further said that \$400 had been expended "thanksgiving day."

The children's affair on Christmas day is to be held in the Salvation Army hall.

Only uniformed members of the Salvation Army will be sent out as solicitors, and the army officers wish to warn every one not to subscribe unless to a uniformed member. Unimpaired have been around collecting.

MANITOU IMPROVEMENTS

Auerbachs Let Contract for Refurnishing Hostelry to Local Furniture Dealer.

Following the purchase of the Manitou hotel, east of the Knutsford, in Third South street, the Auerbachs have awarded a contract to the Freed Furniture and Carpet company to refurnish the hotel throughout, at a cost of \$30,000. All the old furniture has been sold at auction, and the new furniture will be in mission mahogany, golden oak and birdseye maple, making it one of the most attractive in the city.

Mrs. Ida M. Godman, at present managing the Touraine hotel, will have the management of the Manitou, and with her experience and the financial backing of the Manitou hotel, it is expected to become one of the best known and most popular in the city. When Samuel Auerbach bought the Knutsford hotel and other properties in that vicinity, he included the Manitou in his purchases, with the intention of making it one of the most attractive hotels in Salt Lake, as the other a coach hotel, the Touraine, has been. The Manitou has never been a paying proposition, and the Auerbachs intend to lift it out of that rut. Besides refurnishing the building, the new owners will remodel it and renovate it completely, closing it for a general overhauling until it is again ready for occupancy. A feature of the building will be the rearrangement of the lobby, it will hold large quantities of merchandise and used the proceeds to pay the personal indebtedness of Joseph Broadbent, a member of the George Passey company.

BACK TO STATE COURT

Judge Page Morris, sitting in the federal court, surprised some corporation attorneys and others yesterday by sending the case of E. Freeman against the Oregon Short Line Railroad company back to the state courts after it had been transferred to the federal court at the request of the railroad attorneys. The case is one in which damages are asked of the railroad company on account of losses caused by delay in the shipment of sheep. Judge Morris held that the federal court had no jurisdiction.

COMPANY WANTS WATER.

Another Application for "White Coal" Filed With State Engineer.

Applications were filed yesterday with the state engineer by the Utah Fuel company for the right to appropriate the waters of Range creek, in Carbon county, for the purpose of motive power in the company's mine, and the supply of a water system for the town of Sunnyside. For the town, 193-second feet, or 47-acre feet, is applied for, and 313-second feet will be used in the mine.

SHEEPMEN PREDICT A BANNER SEASON

Flocks of Utah and Idaho in Good Condition and Market Looks Good.

"Conditions and the outlook were never more encouraging for sheepmen of Utah and Idaho than at present," said C. F. Rork at the Cullen hotel yesterday. Mr. Rork, known among the sheepmen of the two states as "Doc" Rork, until recently held the position of government stock inspector with headquarters in Pocatello. A few months ago he left the government service to identify himself with the Pastors-Eckman Chemical company of Omaha.

Mr. Rork arrived in Salt Lake yesterday after an extensive tour among the sheepmen of Utah and Idaho. Speaking of the observations of his trip, he said:

"The flocks of Utah and Idaho are remarkably free from the scab. In fact, that disease seems to have been almost entirely eradicated. In a few districts the lip and leg disease has broken out, but the flockmasters seem to have the trouble checked and well under control. The flocks generally throughout both states are in good shape, and with the prospect for high prices for wool and mutton, the sheepmen seem to be assured of a successful year."
